

# Home & Belonging

Creative Retreat in Nature

June 13 - 17, 2024 - Montevaso, Tuscany (ITALY)

*"I'm searching for connection...  
to a place, to other humans, to myself."*

## What

---

This is a retreat designed to explore existential questions as a group, using creative, interactive and embodied practices to work through complex themes of home & belonging. We'll use a variety of practices, including:

- Visual and Expressive Arts
- Embodied Practices
- Nature & Outdoor Practices
- Creative Writing, Journaling, Poetry
- Individual, small group, and large group reflective spaces

## Where

---

The retreat will take place on the estate of Teatro Montevaso, in the midst of one of the wilder parts of Tuscany.

The estate was once a private property and now hosts an agriturismo, an independently-owned farm that welcomes guests, with multiple single and double-rooms, an orchard, spectacular views and a large theater space in which we will hold our group activities.

## Fees

---

We'd like to make this experience accessible to people from different walks of life and are offering a sliding scale. Fees are inclusive of workshop activities, room and board.

Oak Fee: €950

Birch Fee: €780

Cypress Fee: €680
